

## Vote for Gary McComas Wadsworth City School Board

Election is November 7, 2017

My wife Jody and I have been married for 25 years and have lived in Wadsworth for 19 years where we have raised 4 children that have either graduated or are currently in the Wadsworth School System.

My 25 plus years experience in the private sector with my last 15 years being at senior management level in managing operations, developing and managing budgets, skills in evaluating processes, and ability to make decisions based on data will allow me to contribute to the district, the administration, and the school board in our desire to be the BEST!

I want to focus on:

- ♦ State Report Card—excellent rating
- ♦ Cost of Education per Pupil—target to be one of the lowest in the County
- ♦ Continued Support of Programs that make Wadsworth Great!
